

At Amarela, our facilities are designed to encourage rest, creativity, and meaningful connection to nature and culture. Each space reflects the resort's handcrafted character and relaxed island rhythm, and our team is always happy to assist you throughout your stay.

---

### BEACH

Guests enjoy direct access to the beachfront for swimming, shoreline walks, and sea activities such as kayaking and snorkeling, subject to weather and availability.

---

### POOL

Our swimming pool overlooks the Bohol Sea and offers a peaceful setting for cooling off, relaxing, or enjoying quiet moments by the water.

Availability of facilities and activities may vary depending on weather conditions and operational schedules.

---

# GARDEN

Lush tropical gardens surround the property, with landscaped walkways, a butterfly garden, and an herb and vegetable garden that supplies fresh produce for our restaurant.

---

# RECREATION

Light recreational activities such as table tennis, pétanque, cornhole, beach volleyball, frisbee, and darts are available in open areas designed for gentle movement and simple play.

---

# WELLNESS

Wellness facilities include an outdoor massage hut and spaces suitable for yoga, meditation, and quiet stretching, with a fitness center coming soon.

Availability of facilities and activities may vary depending on weather conditions and operational schedules.

---

# ART GALLERY

The Amarela Art Gallery showcases a curated collection of Philippine and Boholano artworks, offering guests an intimate look into local creativity and heritage.

---

# TIENDA AMARELA

Our boutique features souvenirs and crafts thoughtfully selected from local artisans alongside pieces created from our very own workshop. Also available are practical sundry items you may have forgotten or need during your stay.

---

# LIBRARY

The library and quiet spaces found throughout the resort provide a calm environment for reading, board games, and reflection, with both indoor and outdoor seating.

Availability of facilities and activities may vary depending on weather conditions and operational schedules.
